

2011 White Paper on Information and Communications in Japan (Outline)

Table of Contents

Part 1 Information and Communications in the Aftermath of the Great East Japan Earthquake ... 2

Section 1 Status of Telecommunications 2

1. Telecommunications damage 2
2. Efforts to secure means of communication 3
3. Earthquake Early Warnings 3
4. Support for recovery and relief efforts 3

Section 2 Status of Broadcastings 3

1. Terrestrial TV broadcasting..... 3
2. Radio broadcasting 4
3. Cable TV 4
4. Community broadcasts and special emergency broadcasts ... 4

Section 3 Status of Postal Service 4

1. Status of damage and restoration efforts 4
2. Measures 4

Section 4 Role Played by ICT and Emerging Challenges 4

1. Media usage trends in the wake of the disaster 5
2. Examples of new initiatives utilizing ICT 5
3. Emerging challenges 6

Part 2 Special Theme: Toward the Realization of a Symbiotic Networked Society 8

Chapter 1

How has ICT Changed People's Lifestyles? 8

Section 1 International Comparison of ICT Infrastructure and Utilization 8

1. Evaluation method 8
2. Overall evaluation and evaluation by area 8
3. ICT status in high-ranking countries 9

Section 2 Changes in the ICT Infrastructure Environment ... 9

1. Internet penetration 9
2. Mobile Internet penetration..... 10
3. Digital broadcast penetration 11

Section 3 Changes in Lifestyles Triggered by ICT Services ... 11

1. Changes in communication behavior 11
2. Changes in information-gathering behavior ... 13
3. Changes in purchasing behavior..... 14
4. Changes in work behavior 14
5. Changes in leisure behavior 15
6. The emergence of multi-tasking 16

Chapter 2

Response to Emerging Challenges 18

Section 1 Allaying Concerns about Safety and Security 18

1. ICT application and anxiety 18
2. Perceptions of ICT application by children and parents 20
3. Impact of the Internet on the social development of children and youth 23

Section 2 Bridging the Digital Divide	24
1. The digital divide and the need for its elimination...	24
2. Toward elimination of the digital divide in Japan ...	24
3. Efforts to Bridge the International Digital Divide ...	29
Section 3. Local Ravitalization through ICT	32
1. ICT utilization in local communities	32
2. Current status of ICT local utilization	33
3. Challenges facing ICT local utilization	33
4. Analysis of factors impacting ICT utilization ...	35
5. ICT utilization and costs	36
6. ICT utilization and human resources	36
7. ICT utilization and partnerships	37

Chapter 3

Possibilities Engendered by a Symbiotic Networked Society

Section 1 Realization of a Ubiquitous Networked Society ...	39
1. Realization of a Ubiquitous Networked Society	39
Section 2 Possibilities and Challenges of Social Media	39
1. Despite ICT's penetration of society, challenges remain for attaining an abundant, user-friendly society ...	39
2. Expectations for social media	39
3. Possibilities and challenges of social media ...	39
Section 3 Expectations for a Symbiotic Networked Society ...	45
1. Changes brought about by the penetration of social media into people's lifestyles	45
2. Expectations for a symbiotic networked society ...	46

Part 3 Update on ICT and Policy Outlook ...

Chapter 4

Current State of ICT

Section 1 Internet Usage Trends	48
1. Status of Internet utilization	48
2. Challenges for safe and secure Internet utilization	48
Section 2 ICT Industry Trends	48
1. Economic size of the ICT industry	48
2. Contribution of the ICT industry to economic growth	48
Section 3 Telecommunications Sector	50
1. Telecommunications market	50
2. Telecommunications services	50
Section 4 Broadcasting Sector	50
1. Broadcasting market	50
2. Status of broadcasting media uses	50
Section 5 Content Market Trends	50
1. Japanese content market trends	50
2. Market size of the mobile content industry ...	50
Section 6 Research and Development (R&D)	52
1. Research in the ICT industry	52
2. Technology trading	52
3. Number of researchers	53
Section 7 Postal Service and Correspondence Delivery Business ...	53
1. Postal service	53

2. Correspondence delivery business	53
Section 8 Overseas Trends	54
1. Penetration of global communications services...	54
2. Internet penetration rates by region	54

Chapter 5

Outlook for Information and Communications Policies

Section 1 Promotion of a Comprehensive Strategy	55
1. Promotion of a national strategy	55
2. ICT policy approaches to realize a knowledge information society	55
3. Promotion of reform in the communications and broadcasting fields	56
4. ICT productivity acceleration program	56
5. Support for creation and fostering of ICT venture businesses	56
Section 2 Development of Information and Communications Policies ...	56
1. Development of telecommunications policy ...	56
2. Development of broadcast policy	57
3. Development of radio policy	57
Section 3 Ensuring Citizen's Lives are Safe and Secure	58
1. Consumer administration in relation to telecommunications services	58
2. Promotion of information security policy	59
3. Assurance of electronic data authenticity	60
Section 4 Improving the Quality of Citizen's Lives and the Natural Environment through the Application of ICT	60
1. Regional stimulation using ICT infrastructure ...	60
2. Establishment of a barrier-free information environment ...	61
3. Promotion of Content Distribution	61
4. Development of ICT personnel	62
5. Promotion of telework	62
6. Promotion of ICT application in the healthcare field ...	62
7. ICT contributions to combating global warming ...	62
Section 5 Promotion of Informatization Administrative Services ...	63
1. Realization of e-government	63
2. Promotion of e-local government	63
3. Public Certification Service for Individuals provided by local governments	64
Section 6 Promotion of Research and Development (R&D) ...	64
1. Research and development strategy to enhance the international competitiveness of Japan	64
2. Promotion of green innovation	64
3. Promotion of life innovation	64
4. Promotion of future innovation caused by paradigm shifts in society	65
Section 7 Promotion of International Strategy	65
1. Promotion of international policy	65
2. Promotion of international cooperation	65
Section 8 Development of Postal Service Administration ...	66
1. Promotion of postal service administration ...	66
2. Outline of the correspondence delivery system ...	66
3. Promotion of new postal service administration ...	66
