2018 White Paper on Information and Communications in Japan

Table of Contents

Part 1
Special Theme: Sustainable Growth Through ICT in an Era of Population Decline

Introduction

1. Era of Population Decline and its Challenges ····· 2
2. Toward a Data-driven Society ····· 2
3. Sustainable Growth through ICT in the Era of Population Decline ····· 3

Chapter 1

ICT in Japan and the World ····· 4

Section 1 **Trend of ICT Markets in Japan and the World** ····· 4
1. Expansion of Data Traffic ····· 4
2. Rapid Spread of IoT Devices ····· 4
3. Market Trend by Layer ····· 4

Section 2 **Data-related Systems in Japan and the World** ····· 5
1. Domestic Trend after Development of a Legal System ····· 5
2. International Trend ····· 6

Section 3 **Current State of ICT Investment in Japan and the United States** ····· 6
1. Transition in ICT Investment in Japan and the United States ····· 6
2. ICT's Contribution to Economic Growth ····· 7

Section 4 **Current State of ICT and Innovation in Japan and the United States** ····· 9
1. Increase of added value through ICT ····· 9

Chapter 2

Formation of New Economies through ICT ····· 11

Section 1 **Development of ICT and Expansion of Target Industries** ····· 11
1. ICT as General Purpose Technology ····· 11
2. Progress of AI/IoT Services ····· 11

Section 2 **Formation of New Economy** ····· 12
1. Changes in Business Ecosystem ····· 12
2. Expansion of Industry Diversity ····· 13

Section 3 **Changes in the Market Structure** ····· 14
1. Structural Change of the Market ····· 14
2. Formation of ICT Platform ····· 14
3. Changes in Existing Industries/Markets ····· 15

Section 4 **Boosting Demand through ICT** ····· 15
1. Platform Formation and Importance of Viewpoint of Consumers ····· 15
2. Challenges for uptaking consumers' point of view ····· 17

Section 5 **Potential of Sharing Economy** ····· 18
1. Overview of Sharing Economy ····· 18
2. Consumer Perception of Sharing Economy ····· 19

3. Economic Effect of Sharing Economy ····· 20
4. Changes in Existing Industries and Markets ····· 20
Section 6 Capturing Global Demand ····· 21
1. Need for Capturing Global Demand ····· 21
2. State of Export and Overseas Expansion ····· 21
3. Increasing Inbound Demand ····· 23

Chapter 3

Productivity Improvement and Organizational Reform through ICT ····· 25

Section 1 Productivity Improvement by ICT ····· 25
1. ICT and Improvement of Production Efficiency ····· 25
Section 2 Measures for Productivity Improvement through ICT and their Effects ····· 26
1. State of ICT Introduction by Companies ····· 26
2. State of and Plans for Introduction of AI and IoT ····· 27
3. Strategies for Productivity Improvement through ICT ····· 29
4. Effects of Productivity Improvement through ICT ····· 31
Section 3 ICT Bringing About Productivity Improvement by "Connecting" Organizations ····· 31
1. Progress of API Disclosure and Associated Changes, Effects and Challenges ····· 31
2. Cloud Services ····· 33
3. Blockchain ····· 35
4. 5G ····· 36
5. Importance of Security ····· 36
Section 4 Organizational Reform that Brings out the Potential of ICT ····· 37
1. Need for Organizational Reform ····· 37
2. Specific Efforts for Organizational Reform ····· 39
3. Promotion of Labor Force Participation ····· 39

Chapter 4

Promotion of Inclusion through ICT ····· 40

Section 1 Social Challenges in the Era of Population Decline and ICT ····· 40
1. Ties in the Era of Population Decline ····· 40
2. Promotion of Labor Force Participation ····· 40
3. Direction of Inclusion Promotion through ICT ····· 41
Section 2 Current State of "Ties" through ICT ····· 41
1. Personal Use of ICT ····· 41
2. Impact of Social Media on Personal Ties ····· 42
Section 3 Communication through ICT for Promoting Social Participation of Diverse People ····· 44
1. Diversification of Communication through Social Media ····· 44
2. Ties Created through Online Communication ····· 44
3. Social Media Complementing Ties of the Real Society ····· 45
4. Building Community Ties through ICT ····· 46
5. Mutual Complementation of Online and Offline Communities ····· 47
Section 4 Promotion of Labor Force Participation of Diverse People through ICT ····· 48
1. Workplace Communication and ICT ····· 48
2. Use of Telework by Companies ····· 49
3. Working Based on Crowdsourcing ····· 50
Section 5 Future Jobs with Evolution of ICT ····· 51
1. Progress of Automation through AI and IoT ····· 51
2. Changes in the Roles of Humans that Introduction of AI and IoT will Bring About ····· 51
3. Recurrent Education to Respond to Changes in the Employment Environment ····· 52

Part 2
Basic Data and Policy Directions

Chapter 5

Basic Data on the ICT Field 54

Section 1 **ICT Industry Trends** 54
1. Economic size of the ICT industry 54
2. ICT industry contributions to the national economy 56
3. Research and development in the ICT field 57
4. State of ICT enterprise operations 58
5. Telecommunication market trends 59
6. Broadcasting market trends 61
7. Content market trends 61

Section 2 **ICT Service Usage Trends** 64
1. Internet usage trends 64
2. State of telecommunication service provision and usage 70
3. State of broadcasting service provision and usage 73
4. Promoting Informatization in government services 74

Section 3 **Radio Spectrum Usage Trends** 75
1. State of usage and number of radio stations 75
2. Radio surveillance to eliminate interference with key radio communications 76

Chapter 6

ICT Policy Directions 77

Section 1 **Comprehensive Strategy Promotions** 77
1. Promotion of National Strategy 77
2. Promotion of MIC's ICT Comprehensive Strategy 77

Section 2 **Developments in Telecommunications Policy** 79
1. Promotion of Fair Competition 79
2. Development of a Safe and Secure Environment for Use of Telecommunications Services 80

Section 3 **Developments in Radio Policy** 80
1. Promoting Effective Radio Spectrum Use 80
2. Radio Usage Advancement and Diversification Initiatives 80
3. Establishing Radio Usage Environments 81

Section 4 **Developments in Broadcasting Policy** 81
1. Encouraging Distribution of Broadcast Content 81
2. Advancements in Broadcast Services 81
3. Various Issues concerning Broadcasting Policy 82

Section 5 **Promoting Cybersecurity Policy** 82
1. Examinations of Execution Plans for Cybersecurity Measures 82
2. Strengthening Cybersecurity Policy 83

Section 6 **Promoting ICT Use and Application** 83
1. Promoting ICT Application in the Education, Medicine and Other Fields 83
2. Promoting Teleworking 84
3. Regional Development Using Information and Communications Infrastructure 84
4. Creating an Environment where Everyone Can Enjoy Convenience through ICT 85

Section 7 **Promoting ICT Research and Development** 86
1. Promoting Research and Development Strategies 86
2. Enhancing Research and Development to Realize Cutting-edge ICT in All Parts of Society 86

3. Assistance for Creating Innovation Using Competitive Funding ····· 87
4. Contributions to More Resilient Public Infrastructure ····· 87
5. Other Research and Development Programs ····· 87
Section 8 Promoting International Strategies for ICT ····· 88
1. Prioritized Promotion Themes for International Policy ····· 88
2. Initiatives in International Frameworks ····· 88
Section 9 Promoting Public Administration and Disaster Prevention through ICT ····· 88
1. Promoting e-Government ····· 88
2. Promotion Informatization in Disaster Prevention Field ····· 89
Section 10 Developments in Postal Service Administration ····· 89
1. Promoting Postal Service Administration in the International Field ····· 89
2. Promoting the correspondence delivery business ····· 90
