

米国経済センサス用生産物コード（2007年）について

1 生産物コードの構成

米国経済センサスでは、生産物の売上高、出荷額等を把握するため、生産物コードを用いている。この生産物コードは、部門によって北米産業分類（NAICS）と北米生産物分類（NAPCS）を利用している。なお、農林漁業及び狩猟業、公務は、経済センサスの調査対象外である。

- ・ 鉱工業部門：NAICS米国最下層項目（6桁分類）を細分化して設定
- ・ サービス部門（卸・小売業を除く）：NAPCS項目に基づいて設定
- ・ 卸・小売業部門：取扱商品に基づきNAICS産業（主に6桁分類）を細分化して設定
- ・ 建設業部門：NAICSの5桁分類を基に細分化して設定

2 最下層の項目数

生産物コードのリスト（米国センサス局のホームページで公開）において、最下層の項目を拾い上げると、最下層の項目数は、合計で7,700項目である。また、NAICS部門（産業大分類）ごとの最下層の項目数は、2ページの表1のとおりである。

3 調査票におけるコードの利用

米国経済センサスでは、産業部門ごとに異なる調査票を配布しており、各産業における売上高、出荷額、収入又は収益に関する詳細な内訳を表せるように、各調査票において必要な生産物コードが列挙されている。米国経済センサス用生産物コードには一般にバスケット・クローズが設けられており、調査票でも利用されている。

Report all value figures in thousands of dollars, total plant hours in thousands of hours, and all electricity quantity figures in thousands of kilowatthours for the manufacturing establishment.

When actual book figures cannot be provided without high cost to your company, reasonable amounts of estimating or prorating are acceptable.

If you require an extension of time to complete this report or if there are any other questions regarding this report, please -

- Write to the U.S. Census Bureau, 1201 Tenth Street, Jeffersonville, IN 47134-0001, or
- Visit our website at www.census.gov/econhelp, or
- Call 1-800-233-6136 for toll-free assistance, 8:00 a.m. to 6 p.m., Eastern Time, Monday through Friday

Please include the 11-digit Census File Number (CFN) shown in the address box of the report form.

DEFINITION OF ESTABLISHMENT AND MANUFACTURING ACTIVITY

An establishment is generally a single physical location where business is conducted or where services or industrial operations are performed. Further clarification is provided in the General Instructions.

Manufacturing activity involves the mechanical, physical, or chemical transformation of materials, substances, or components into new products. The assembling of component parts of manufactured products is considered manufacturing, except in cases where the activity is appropriately classified in Sector 23, Construction.

Who Should Report

Since data will be published for industries and States, separate reports are required for each manufacturing establishment (plant).

An establishment is a single physical location where manufacturing is performed. If your company operates at different physical locations, even if they are producing the same line of goods, a separate report must be filed for each location.

If your company operates in two or more distinct lines of manufacturing at the same location, file a separate report for each activity.

Manufacturing Activities

Report all activities (manufacturing, fabricating, processing, and assembling) conducted within the establishment.

Include

- Maintenance of plant and equipment
- Receiving and shipping activities
- Warehousing and storage
- Research
- Recordkeeping
- Health and safety
- Cafeteria and other services unless operated as separate establishments

Exclude

- Sales branches and sales offices
- Research laboratories
- Retail stores
- Mining activities and general administrative offices

The Manufacturing Sector also includes establishments engaged in the following activities:

- Apparel jobbing and contracting
- Assembling from purchased components
- Commission processing of materials owned by others
- Job casting, stamping, and machining
- Lapidary work
- Machine shops, including those operating on a job-order basis
- Manufacturing and delivering ready-mixed concrete
- Milk pasteurizing and bottling
- Plating, galvanizing, polishing, etc., of materials owned by others
- Poultry dressing
- Printing book, periodical, etc.
- Sawmills
- Seafoods, fresh-packaged or frozen
- Wood preserving

Descriptions of some of these activities are provided in the DETAILED INSTRUCTIONS, 2.

WHAT PERIOD SHOULD EACH REPORT COVER?

Each report should cover the calendar year 2007.

If book records are not on a calendar-year basis, carefully prepared estimates are acceptable.

If an establishment began to operate or ceased to operate during 2007, report only the part of the year that the establishment was in operation.

If the operator changed during the year, report only for that part of the year that your company operated the establishment. Report in 3 the appropriate information on changes in **operator** or operational status.

Specify in the certification, 30, the exact period that the report covers.

17 DETAILED COST OF MATERIALS, PARTS, AND SUPPLIES

General - The materials, parts, and supplies listed below are those commonly consumed in the manufacture, processing, or assembly of the products listed in **2**. Please review the entire list and report separately each item consumed. Leave blank if you do not consume the item. If you use materials, parts, and supplies that are not listed, describe and report them in the "Cost of all other materials . . ." at the end of this section. If you consumed less than \$25,000 of a listed material, include the value with "Cost of all other materials . . ." Census material code 009700 99.

Report materials, parts, and supplies purchased, transferred from other plants of your company, or withdrawn from inventory.

If quantities are requested, please use the unit of measure specified.

If the information as requested cannot be taken directly from your book records, REASONABLE ESTIMATES ARE ACCEPTABLE.

Valuation of Materials Consumed - The value of the materials, etc., consumed should be based on the delivered cost; i.e., the amount paid or payable after discounts and including freight and other direct charges incurred in acquiring the materials.

Materials received from other plants within your company should be reported at their full economic value (the value assigned by the shipping plant, plus the cost of freight and other handling charges).

If purchases or transfers do not differ significantly from the amounts actually put into production, you may report the cost of purchases or transfers. However, if consumption differs significantly from the amounts purchased or transferred, these amounts should be adjusted for changes in the materials and supplies inventories by adding the beginning inventory to the amount purchased or transferred and subtracting ending inventory.

Contract Work - Include as materials consumed those you purchased for use by others making products for you under contract. Amounts paid to the companies doing the contract work should be reported in **16**, line A5, and should include freight in and out. On the other hand, materials owned by others but used at this establishment in making products for others under contract or on commission should be excluded.

Resales - Cost for products bought and sold or transferred from other establishments of your company and sold without further manufacture, processing, or assembly should be reported in **16**, line A2, not in **17**. The value of these products shipped by this establishment should be reported in **2** under Census product code 999890 0000, "Resales."

Special Instructions, Agricultural Activities - Sugar plantations and other agricultural activities of this COMPANY should be treated as separate ESTABLISHMENTS. For example, cane sugar mills should report quantity and delivered cost of sugarcane at the mill whether purchased or received from plantations belonging to the same company. Such materials should be reported at their "economic value" (i.e., costs of production and delivery and a proportionate share of overhead and profits).

22 DETAIL OF SALES, SHIPMENTS, RECEIPTS, OR REVENUE

General - The manufactured products and services listed below are generally made in your industry. If you make products that are not listed, describe and report them in the "All other products made in this establishment" section at the end of 22. PLEASE DO NOT COMBINE PRODUCT LINES.

If quantities are requested, please use the unit of measure specified.

If the information as requested cannot be taken directly from your book records, REASONABLE ESTIMATES ARE ACCEPTABLE.

Valuation of Products - Report the value of the products shipped and services performed at the net selling value, f.o.b. plant to the customer; i.e., after discounts and allowances, and exclusive of freight charges and excise taxes.

If you transfer products to other establishments within your company, you should assign the full economic value to the transferred products; i.e., include all direct costs of production and a reasonable proportion of all other costs and profits.

Contract Work - Report PRODUCTS MADE BY OTHERS FOR YOU FROM YOUR MATERIALS on the specific lines as if they were made in this establishment. On the other hand, do not report on the specific product lines PRODUCTS THAT YOU MADE FROM MATERIALS OWNED BY OTHERS. Report only the amount that you received for "commission or contract receipts" under Census code 930000 0000.

Resales - Do not report on the specific product lines those PRODUCTS BOUGHT AND SOLD OR TRANSFERRED FROM OTHER ESTABLISHMENTS OF YOUR COMPANY AND SOLD WITHOUT FURTHER MANUFACTURE. Report only a value under Census code 999890 0000, "Resales."
