

**RADIO EQUIPMENT OF RADIO STATIONS
OF A DIGITAL CORDLESS TELEPHONE
THAT DOES NOT NEED TO BE CONNECTED
TO TELECOMMUNICATIONS CIRCUIT EQUIPMENT**

(Article 49.8.2 paragraph 1 of the Ordinance Regulating Radio Equipment)

January 11, 1995

Ministry of Posts and Telecommunications Notification No. 11

Finally amended in No. 605 on December 25, 1998

The radio equipment of a radio station of a digital cordless telephone which does not need to be connected to telecommunications circuit equipment shall be stipulated as follows based on the provisions of the proviso of Article 49.8.2 paragraph 1 item 1, b (Radio Regulatory Commission Regulations No. 18 of 1950).

The radio equipment of a radio station of a digital cordless telephone which is established to store telephone numbers, control channels and information required to perform communication between a land mobile station for a PHS (personal handy phone system) and a base station (hereinafter referred to as “information”), and to delete and confirm the information stored by the land mobile station for a PHS.
