Ministry of Posts and Telecommunications Announcement No. 315

The whole of Ministry of Posts and Telecommunications Announcement No. 698 of 1989 (the Announcement prescribing the equipment that does not need to be contained in a cabinet of the radio equipment of land mobile stations of a specified radio microphone) shall be amended as follows based on the provisions of Article 49.16 item 2 of the Ordinance Regulating Radio Equipment (Radio Regulatory Commission Regulations No. 18 of 1950).

- 1 Accessory equipment for specified radio microphones and its equivalents
- 2 The antenna, distributor, and circuit compensating device of the radio equipment of radio microphones for ear monitors (which refer to radio microphones which transmit the sound output to loudspeakers on a play-performance stage and other sounds). However, for the distributing device and circuit compensating device, the power supplied to the antennas for these devices shall be 0.01 W or lower and the intensity of spurious emissions shall be 2.5  $\mu$ V or lower.
