OF LAND MOBILE STATIONS OF A NARROW-BAND
COMMUNICATION SYSTEM**

(Article 49.26 paragraph 1 of the Ordinance Regulating Radio Equipment)

April 17, 2001

Ministry of Posts and Telecommunications Announcement No. 271

The equipment that does not need to be contained in a cabinet of the radio equipment of a land mobile station of a narrow-band communication system, a base station of a narrow-band communication system, or a radio station which performs communication for testing the radio equipment of a land mobile station of a narrow-band communication system shall be stipulated as follows based on the provisions of Article 49.26 paragraph 1 of the Ordinance Regulating Radio Equipment (Radio Regulatory Commission Regulations No. 18 of 1950).

Ministry of Posts and Telecommunications Announcement No. 529 of 1997 (the Announcement prescribing the equipment that does not need to be contained in a cabinet of the radio equipment of a land mobile station of an automated road toll collection system or a base station of an automated road toll collection system) shall be repealed.

- (1) Antennas
- (2) Indicators which indicate the operation state of a transmitting device and a receiving device
- (3) Accessory equipment for data signals and its equivalents
- (4) Signal processing equipment which is structured so as not to be easily dismantled from the cabinet
