

**CONDITIONS FOR THE STORAGE DEVICE THAT NEEDS TO BE  
EQUIPPED IN THE CONTROLLER EQUIPPED IN A DIGITAL  
MCA CONTROL STATION WHICH PERFORMS DIGITAL MCA  
LAND MOBILE COMMUNICATION, A DIGITAL DIRECTIVE  
STATION, A LAND MOBILE STATION, OR A RADIO STATION  
WHICH PERFORMS COMMUNICATION, ETC. FOR TESTING  
DIGITAL MCA LAND MOBILE COMMUNICATION EQUIPMENT**

(Article 49.7.2 paragraph 1 item 2 a (1) and item 2 b (7) and Article 49.7.3 paragraph 1 item 2 a (1) and item 2 b (1)  
of the Ordinance Regulating Radio Equipment)

February 24, 2003

Ministry of Public Management, Home Affairs, Posts and Telecommunications Announcement No. 143

The conditions for the storage device that needs to be equipped in the controller equipped in a digital MCA control station which performs digital MCA land mobile communication, a digital directive station, a land mobile station, or a radio station which performs communication, etc. for testing digital MCA land mobile communication equipment shall be stipulated as follows based on the provisions of Article 49.7.2 paragraph 1 item 2 a (1) and item 2 b (7) and Article 49.7.3 paragraph 1 item 2 a (1) and item 2 b (1) of the Radio Equipment Regulations (Radio Regulatory Commission Regulations No. 18 of 1950).

Note that the MPHPT abrogates the 1993 Ministry of Posts and Telecommunications Announcement No.126 (with regard to defining conditions for storage devices that must be mounted on control equipment that is installed at digital MCA control stations and the like that execute digital MCA land mobile communications).

1 The conditions for the storage device of a digital MCA control station or a radio station which performs communication, etc. for testing digital MCA land mobile communication equipment (limited to the radio station which shares the transmitting device with a digital MCA control station)

The system (which refers to a communication network which consists of one or a plurality of control channels and a speech channel controlled by the said control channel; the same applies hereafter) code of the radio station where the storage device is installed and the group (which refers to a group of digital directive stations and land mobile stations which perform communication, or a group of land mobile stations; the same applies hereafter) code of a land mobile station which is the party on the other end of communication and a digital directive station shall be capable of being stored.

2 The conditions for the storage device of a land mobile station, a digital directive station, or a radio station which performs communication, etc. for testing digital land mobile communication equipment (except the radio station which shares the transmitting device with a digital MCA control station)

The group code of the radio station where the storage device is installed and the system code of a digital MCA control station which is the party on the other end of communication shall be capable of being stored.
