(Article 7 paragraph (25) item ii) of the Ordinance Regulating Radio Equipment)

April 1, 2003

Ministry of Public Management, Home Affairs, Posts and Telecommunications Announcement No. 259

Subject to provisions in Ordinance Regulating Radio Equipment (Radio Regulatory Commission Regulations No. 18 of 1950), Article 7 paragraph (25) item ii), the MPHPT announces that it has defined a radio station as follows, which the Minister of Public Management, Home Affairs, Posts and Telecommunications will announce in a separate Announcement.

Within any of the special zones for structural reform related to the approved plan for special zones for structural reform, a radio station established to conduct a business that utilizes a radio access system that differs from that of telecommunications shall meet either of the following requirements:

1. It shall execute communications between public facilities;
2. It shall execute communications within the premises or grounds of a licensee's own facility.
