

世界統計の日について

2010年10月20日(水)を世界統計の日とすることを、国連統計委員会第41回会合(2010年2月)において採択、国連総会(2010年6月)において決議

1. 目的

公的統計の経済・社会に対する多大な貢献をアピールすることを目的とする。
この日を世界統計の日とした理由は、多くの国で2010年ラウンドの人口センサス実施中に国民の公的統計の重要性を認識してもらいたいということ、また、数字の並びがよいということである。

2. 実施内容

世界統計の日に当たり、世界各国において公的統計がこれまで果たした役割をアピールし、「世界統計の日」の一環で各種イベント(セミナー、記者発表、展覧会等)を開催する。

この日の近日でイベント等を行う場合は、「世界統計の日」の関連イベントと位置付け、広報の相乗効果により、公的統計の認知度を上げるよう協力いただきたい。

例：総務省 我が国の統計の日関連イベント「統計データ・グラフフェア」(平成22年10月23、24日)において「世界統計の日紹介コーナー」を設置

イベントの実施、広報誌等による周知を行った場合は、国際統計管理官室に連絡をお願いしたい。(各国で実施したイベント等は国連のホームページ(<http://unstats.un.org/unsd/wsd/Default.aspx>)で紹介することになっている。)

[without reference to a Main Committee (A/64/L.53 and Add.1)]

64/267. World Statistics Day

The General Assembly,

Recalling the report of the Secretary-General to the Statistical Commission at its forty-first session,¹ as well as the Commission's decision 41/109,² in which it endorsed the proposal to celebrate 20 October 2010 as World Statistics Day,

Recognizing the long history of official statistics and the facilitating role played by the United Nations since the creation in 1947 of the Statistical Commission, which was tasked with promoting the development of national statistics and improving their comparability, coordinating the statistical work of specialized agencies, developing central statistical services of the Secretariat, advising the organs of the United Nations on general questions relating to the collection, analysis and dissemination of statistical information and promoting the improvement of statistics and statistical methods generally,

Acknowledging the fundamental importance of sustainable national statistical capacity to produce reliable and timely statistics and indicators measuring a country's progress, which are an indispensable basis for informed policy decision-making and for monitoring the Millennium Development Goals at the national, regional and international levels,

Recalling Economic and Social Council resolution 2006/6 of 24 July 2006 entitled "Strengthening statistical capacity", in which the Council called upon Member States, the United Nations system, international agencies, donor countries and organizations to support national efforts in building and strengthening national statistical capacity, in particular of developing countries,

Recalling also the adoption of the Fundamental Principles of Official Statistics³ by the Statistical Commission at its special session in 1994 as a milestone in the codification and promotion of basic values in official statistics,

¹ E/CN.3/2010/12.

² *Official Records of the Economic and Social Council, 2010, Supplement No. 4* (E/2010/24), chap. I.B.

³ *Ibid.*, 1994, *Supplement No. 9* (E/1994/29), para. 59.

Noting that many Member States and some regions already celebrate official statistics through a variety of national and regional initiatives, such as designated months, weeks, days or events, and welcoming their support and willingness to coordinate such events under the auspices of the United Nations,

1. *Decides* to designate 20 October 2010 as World Statistics Day under the general theme “Celebrating the many achievements of official statistics” and the core values of service, integrity and professionalism;

2. *Invites* all Member States, organizations of the United Nations system and other international and regional organizations, as well as civil society, including non-governmental organizations, such as research institutions, media and all producers and users of official statistics, to observe World Statistics Day in an appropriate manner;

3. *Requests* the Secretary-General to take the necessary measures for the observance by the United Nations of World Statistics Day in 2010 and to bring the present resolution to the attention of all Member States and United Nations organizations;

4. *Also requests* the Secretary-General to report on the implementation of the present resolution and on the experiences of World Statistics Day to the Statistical Commission at its forty-second session.
